

Mixis Air Collection

CRASSEVIG

DESIGN Mario Ferrarini
Crassevig, Italy

Mixis Air brings the Mixis range full circle. This addition extends the conferencing and training capabilities of this desirable design, expertly mirroring the original timber chair whilst using an entirely different material. Mixis Air is both CATAS and BIFMA certified for heavy contract use.

The Mixis Air collection includes a chair on a variety of base options: 4 Leg (timber or steel), Sled, 4-Way Swivel on glides, timber 4-Way Trestle and 5-Way Swivel chair on castors. Chairs are available in selection of house colours and finishes.
