DESIGN LOLL DESIGNS
LOLL DESIGNS, USA

Inspired by the original Westport Adirondack chair, Loll's Adirondack chair provides more comfort than you would expect from an outdoor chair, and even more so when you factor in that you will never have to work on it. Constructed from 100 percent recycled plastic, this durable lounge chair is a lollygagger's dream.

Featuring a contoured seat and back for added comfort, there is no need to bother with a cushion. The thick recycled HDPE feels solid and sturdy and the weight of the chair ensures it will not blow around. Complete with hidden fasteners and a built-in stainless steel bottle opener, the Adirondack lounge chair will have you reclining and relaxing for hours on end.

The Adirondack collection includes a 3 or 4 slat lounge chair and rocker, both available in 2 different back rest heights and with options of a flat or curved back. A matching ottoman and side table are also available.
