

Akashi

DESIGN PAOLO VERNIER
MIDJ GLASS FINISHES, ITALY

The Akashi Table preferences proportion and balance, and in doing so, fulfils both domestic and office needs. Through a meticulous study of construction, the Akashi Table embodies lightness, by featuring clear, defined corners and square shaped legs.

The airiness of Akashi's design translates into practicality and comfort. The top has significantly reduced thickness, and a structural systems that allows it to reach 3 meters long without additional supports.
