

## Anemos

**PEDRALI**

**DESIGN** PIO & TITO TOSO  
PEDRALI OUTDOOR, ITALY

Anemos is an outdoor table defined by simple, architectural lines that highlight the expressive quality of concrete in a fresh, modern style. Its standout feature is the base, formed by two separate concrete shells attached to the tabletop. These shells, resembling a structural membrane, defy the typical perception of concrete's weight by adopting a flexible, sinuous double curvature.

The result is a table that appears visually light yet is stable and solid, thanks to its substantial weight. Anemos is designed to support large round tops with elegance and strength.

**LEADTIME**

12-14 Weeks

**WARRANTY**

3 Year Structural

**CERTIFICATION**
