DESIGN CLAESSON KOIVISTO RUNE
WÄSTBERG, SWEDEN

Bell, designed by Swedish trio Claesson Koivisto Rune for Wästberg+, blends elegance with functionality. With its simple yet striking bell-shaped form, it brings a refined touch to any space, whether at home, in the office, or within a commercial setting.

Crafted with careful attention to detail, Bell is made from high-quality materials, offering durability alongside a soft, warm light that creates a welcoming atmosphere.

The gently curved shade directs light in a way that is both efficient and ambient, adding character to an interior without overpowering the space.

Available in a range of finishes to suit different interiors, Bell works comfortably across both modern and traditional settings. Whether suspended above a dining area or used as a statement piece in a living room, it introduces a sense of calm, clarity and quiet sophistication.
