Like the Tesla Roadster, the Cabrio sports chair was a concept chair that just couldn't be kept in the garage. Taking you from 60 to 0 in less than 4 seconds, this exceptionally comfortable patio chair sits low to the ground, with wide arms to rest your elbows, as well as a cool drink.

The thick recycled HDPE feels solid and sturdy and the weight of the chair ensures it will not blow around. 100 percent relaxation, 100 percent of the time.
