**DESIGN** NIELS BENDTSEN  
BENSEN, CANADA

Canyon is characterised by an elegant seat-scoop profile, designed to embrace the bolsters and back cushions and prevent them from sliding out of place.

Single-arm and armless pieces are available in various sizes and can be combined to make an almost infinite number of configurations. Steel frames are constructed to allow one piece to be suspended off another for a clean appearance. Removable covers are also available for easy cleaning or replacement.

Canyon is available as an ottoman, chaise, daybed, single lounge chair, 2/3 or 4 seater sofa or modular configurations.
