

## Capisco 8126 Rounded Seat

**Flokk**

**DESIGN** PETER OPSVIK  
HÅG - FLOKK, NORWAY

The HÅG Capisco collection is a design icon that continues to withstand the test of time. Inspired by a horseback rider's posture, its pioneering saddle seat and overall unique shape, offer endless ways to sit or half stand. All of which encourage you to vary your position, whether you're facing forwards, backwards or sideways. Whatever feels most comfortable.

The Capisco 8126 has a shorter seat that is rounded at the front. This enables more active sitting in both raised and lowered positions. It is well suited to sitting cross-legged or in a perched position, which is unique for this chair. It works best with normal or moderately raised desk heights.
