DESIGN LUXSTUDIO
LUXSTUDIO, AUSTRALIA

Chilli + Lime is a highly configurable table system that adapts itself to suit multiple environments. The design premise was to design a simple but beautiful product that combines the strength of a metal frame with the softness of a timber leg.

Chilli + Lime is appropriate for both collaborative and reflective environments, with options for low height and standing height tables along with open plan workstation scenarios. Chilli + Lime can be personalised to fit the space with a variety of colour and finish options for the surface and the legs.
