DESIGN DAVID CHIPPERFIELD
WÄSTBERG, SWEDEN

Chipperfield, designed by David Chipperfield for Wästberg+, embodies timeless elegance and precision engineering. Known for its minimalist aesthetic and focus on functionality, it offers the perfect blend of form and performance, designed to seamlessly integrate into both modern and traditional spaces.

Each piece is crafted from high-quality materials, featuring slender aluminium bodies and a range of carefully selected finishes, from matte to polished, that exude a quiet sophistication.

The range includes table, floor, wall and pendant lights, all designed with adjustable elements to direct light where it's needed most.

Whether illuminating a workspace, living area or dining room, Chipperfield provides a refined lighting solution that enhances any environment. With its precise, understated design and commitment to sustainability, it's an ideal choice for those who value both aesthetic and environmental responsibility.
