**DESIGN** FRANCESCO ROTA  
DESALTO, ITALY

Placed into a three-dimensional space, the Clip collection stands out as a series of precisely drawn graphic lines. Each piece emphasises simplicity and precision, resulting in a visually striking presence across the range.

In this context, the void takes on an almost predominant role over the solid. Viewed from different angles, the geometry of each design shifts in perception, creating a dynamic and engaging visual experience that unifies the entire collection.
