

Conventio Wing 9811

Flokk

DESIGN PETER OPSVIK
HÅG - FLOKK, NORWAY

The HÅG Conventio Wing is tailor-made for meetings and conferences, like the HÅG Conventio. It has the same rocking mechanism too, which allows you to move more freely whilst being seated. It's light and airy, yet sturdy, and enables you to arrange rows of seating quickly and efficiently.

The Conventio Wing 9811 is a self-stabilizing, lightweight chair that is easily to set out and stack away. The chairs can be stacked fifteen high. HÅG in Balance® technology ensures more subconscious movement. Armrests and the HÅG Writing Tablet available as optional extras!
