DESIGN BRENDAN RAVENHILL
LOLL DESIGNS, USA

Designed by Brendan Ravenhill with Loll Designs, the Deck Chair will keep you comfortable and engaged for hours on end. The contoured and sloped seat and curved back of this outdoor lounge chair makes it extremely comfortable while the 380mm seat height makes it easy to get out of, even though you probably won't want to.

Constructed from 100 percent recycled HDPE, this patio chair features wide arm rests that are the perfect height for power lounging and also serve as a ledge for setting a beverage or book. Beneath the Deck Chair's right arm is a convenient stainless steel bottle opener.
