

Elba 4-Leg

CRASSEVIG

DESIGN DEBIASANDRI
CRASSEVIG, ITALY

Elba, a new seating family, is manufactured with a curved plywood shell and padded with differentiated-density foam that is both soft and comfortable. Designed and manufactured utilising the unique skillset and meticulous detailing that Crassevig is known for, the Elba range is expansive in its offering, ensuring a suitable solution in a wide range of environments.

Elba is available with a timber or metal 4-Leg frame, wooden trestle, aluminum 4-Way swivel (with or without castors) or aluminum 5-Way swivel base on castors. Elba is available in both armless or armchair options and can be upholstered in a variety of fabrics.
