

Essens

INCLASS

DESIGN JONATHAN PRESTWICH
INCLASS, SPAIN

Designed by Jonathan Prestwich, the Essens collection expands with the addition of side tables. The Essens occasional side tables combine beauty, versatility, and harmonious proportions. The sculptural base is created from the encounter of two essential volumes in balance.

The new Essens occasional table program consists of three bases made of 100% recyclable polyethylene, allowing for the composition of both coffee and side tables with tops of various materials and sizes. The numerous possibilities for combining bases and tabletops, along with the extensive range of materials and finishes available, allow for endless customization to easily integrate into diverse spaces and contexts.

LEADTIME

12-14 Weeks

WARRANTY

3 Year Structural
