

Essential Wood

arco

DESIGN GUDMUNDUR LUDVIK & ARCO DESIGN STUDIO
ARCO, NETHERLANDS

Designed by Gudmundur Ludvik and Arco Design Studio, the Essential collection is available in two variations: wood and steel.

Essential Wood comprises of a solid wood tabletop on a plywood trestle. The frame can be swapped as needed. Essential Steel also features a solid wood tabletop, but this time its trestle is made from steel with a fine epoxy textured finish.

Both Essential Wood and Essential Steel are intended to reduce environmental impact. For example, they're easily recycled or refurbished and employ PEFC certified wood.
