OFFECCT - FLOKK, SWEDEN

Font is a seating system designed for Nationalmuseum, which originally opened in Stockholm in 1866, was reinaugurated in 2018 after a five-year renovation.

“Font is based on a simple form with a round backrest, which gives the furniture its graphic expression and character, and indeed also inspired the name. The challenge was to achieve the right height and softness, and also a construction that enables you to use Font in a context outside of the museum”, says Matti Klenell.
