

## FourLikes®

**DESIGN** NØRGAARD DESIGN  
OCEE & FOUR DESIGN, DENMARK

FourLikes® is a modular soft seating system designed to shape communal corners and quiet retreats within contemporary interiors.

Configured with low, high and sloping back modules, it adapts to the rhythms of everyday use, encouraging informal exchange as well as moments of pause. Its composed presence allows underused corners to become considered places to sit, meet or reflect, introducing a gentle sense of spatial order to shared spaces.

Thoughtfully proportioned for relaxed sitting and visual calm, FourLikes® supports an architectural approach to workplace environments, breakout areas and reception zones without overwhelming the room.

### LEADTIME

4-6 Weeks

### WARRANTY

5 Year Structural

### CERTIFICATION

DANAK: EN 16139:2013
