

FourUs® Solo

DESIGN NØRGAARD DESIGN
OCEE & FOUR DESIGN, DENMARK

FourUs® is a flexible working collection designed for shared and collaborative spaces. With soft proportions and a calm, architectural profile, it brings comfort to waiting areas, breakout zones and informal meeting settings without overwhelming the room.

Generous forms support relaxed ways of working, while a range of bases and configurations allows it to adapt across workplace environments. Quiet in appearance yet practical in use, it offers an easy place to pause, meet or spend time between tasks.
