

Futu Mesh 1100

Flokk

DESIGN FLOKK COLLABORATION
HÅG - FLOKK, NORWAY

The HÅG Futu combines compact looks with high-precision engineering. It's ideal if you lack space, yet require an effective task chair. All technical parts are integrated into its shape, making it more streamlined. This helps it easily blend in with its surroundings.

The Futu mesh 1100 has a breathable transparent backrest, keeping your back cool via constant ventilation. It features our latest HÅG in Balance® movement mechanism, which keeps you in continuous balanced movement. A fully functional lumbar support is optional, as are height and width-adjustable armrests. Our uniquely designed FutuKnit™ mesh fabrics have been technically developed to retain their tautness and are available in seven appealing colours.
