

Hart

DESIGN CHRISTOPH JENNI
CANTARUTTI BEECH TIMBER FINISHES, ITALY

Shapes with light contours meet the warmth of wood and its grain. Designed by Christoph Jenni, Hart is a collection with simple lines founded upon a complex construction project. An original structure, formed by the continuous profile of the rear leg, extends to complete the open armrest, ensuring the collection extremely functional. Hart adapts to different combinations of colours and finishes.

A Stackable chair and armchair are available in wood or with upholstered seat and back. The stool, with or without armrests, completes a collection capable of combining elegance and rationality with a wide range of possibilities.

WARRANTY

3 Year Structural
