

Homework

**BEN
SEN**

DESIGN NIELS BENDTSEN
BENSEN, CANADA

The Homework Desk is an elegant and highly versatile work desk that is available in two sizes and may be configured according to individual needs. Attractive from all sides and constructed from a choice of select materials, Homework is ideal for the home or office where the desk will be on view.

An innovative detail allows the drawers to appear to float below the glass or wood top giving lightness to the design while also providing additional shelving. Each drawer includes a concealed cable management compartment large enough to neatly organize multiple cables and accessories.
