

## Hyppo

**DESIGN** VALERIO SOMMELLA  
CANTARUTTI BEECH TIMBER FINISHES, ITALY

Subtle wooden elements emerge between full and generous volumes, creating a detail that captures the attention, and unites the various components of the collection designed by Valerio Sommella. Hyppo enhances the wood with a discreet presence, superimposed on silhouettes delicately outlined by the total absence of edges.

Hyppo's adaptability lends itself to different interpretations that settle easily within contexts and situations related to pause and relaxation. Made up of numerous elements, this vast family of upholstered items can be finished in leather or fabric, to create multiple combinations and evoke a feeling of warm welcome and absolute comfort.
