DESIGN INGA SEMPÉ
WÄSTBERG, SWEDEN

Île, designed by Swedish designer Inga Sempé for Wästberg+, evokes a sense of serenity and natural beauty. Drawing inspiration from the simplicity of island landscapes, this pendant combines organic form with functional design, making it a fitting addition to both residential and commercial interiors.

Crafted with meticulous attention to detail, Île features a softly curved, bowl-shaped shade that diffuses light in a warm, ambient glow, creating a relaxed and inviting atmosphere.

The design is minimalist yet distinctive, with an elegant silhouette that works comfortably across a range of settings, from dining areas to living rooms and beyond.

Made from high-quality materials, Île offers a durable and visually refined lighting solution that complements both modern and classic spaces. Whether used individually or in a cluster, it brings a quiet sense of sophistication to any room.
