

Kern

INCLASS

DESIGN PEARSON LLOYD
INCLASS, SPAIN

Kern is a modular seating system designed by Pearson Lloyd, perfect for lounges, waiting areas, and break-out zones. It's fully customisable — with armchairs, sofas, booths, and tables that can be mixed and matched to suit any space.

With soft, minimalist lines and comfy upholstery, Kern offers both style and support. High-back options and privacy screens make it ideal for solo focus or quiet convos. Built tough for busy environments, it's as flexible as it is durable. Kern is smart, versatile, and built to last — whether you're after a single seat or a full seating setup.

LEADTIME

12-14 Weeks

WARRANTY

3 Year Structural
