

Kosmos

MIDJ

DESIGN KARIM RASHID
MIDJ, ITALY

Kosmos is a bold fusion of futuristic design and playful minimalism. Designed by Karim Rashid, each piece features soft, bi-elastic fabric upholstery and a distinctive coloured band—either matching or contrasting—that wraps around its form, adding a dynamic visual element. The optional backrest, cleverly weighted for stability, can be repositioned freely without any fastening system, allowing for versatile configurations without compromising the clean, uninterrupted silhouette. Available as ottoman or in small, medium, and large sizes, Kosmos brings a touch of cosmic charm to contemporary interiors.
