

## Legender

**OKAMURA**

**DESIGN** OKAMURA  
OKAMURA, JAPAN

Legender is Okamura's expression of executive authority — a refined leather-upholstered chair that balances functionality, comfort and timeless presence. Meticulously crafted with premium materials and world-class ergonomic engineering, it reflects a quietly confident design language suited to leadership spaces.

Soft, supple leather and precision stitching elevate the tactile quality, while Okamura's Smart Operation controls, ankle-tilt recline and multi-density cushion work together to support healthy posture throughout the workday. Thoughtfully adjustable features such as seat height, seat depth and reclining tension allow personalised comfort without visual complexity.

Elegant and composed, Legender brings understated sophistication to executive offices, boardrooms and distinctive interior environments where presence matters as much as performance.
