

## Link 60X

FORNASARIG

**DESIGN** LUCA FORNASARIG  
FORNASARIG, ITALY

LINK 60X gains its name from its incredible ability to stack 60 units high on a trolley. A slim profile and elegant frame, LINK 60X appears visually light while being exceptionally strong. LINK 60X is strength tested and CATAS certified for heavy duty contract applications.

An ergonomic moulded polypropylene seat and back rest with added padded upholstery options to provide comfort when sitting for extended periods makes LINK 60X the ideal conferencing, educational, auditorium training chair. LINK 60X stacks 60 high on a trolley and is supported by a 10 Year Structural warranty.
