

Little Tulip

DESIGN PIERRE PAULIN
METAL, NETHERLANDS

Designed by Pierre Paulin in the 1960s, the Artifort Tulip collection remains a celebrated Mid-Century Modern icon. Combining elegance, comfort and innovation, this distinctive chair collection offers a harmonious balance of sculptural form and ergonomic support. Inspired by the soft curves of tulip petals, each chair gently embraces the sitter, reflecting Paulin's visionary approach to organic, functional design.

The Little Tulip® (originally introduced as the F163) is refined, welcoming and effortlessly versatile. Its compact, elegant form makes it equally suited to dining settings, meeting rooms and contemporary interiors. Available with either a cross base or a swivel disc base, the Little Tulip® delivers both comfort and timeless style.

More than six decades after its introduction, the Artifort Tulip collection continues to exemplify Pierre Paulin's enduring design philosophy, remaining as relevant and sophisticated today as it was at its debut.
