

Lovoc

DESIGN THINKING WORKS
THINKING WORKS, AUSTRALIA

A modular, sustainable workstation screen designed with the entire product lifecycle in mind.

Thinking Works' patented manufacturing process eliminates stitching and minimises glue usage, enabling easy disassembly and recycling of all raw materials at its end of life. The result is an environmentally responsible product that emits very low Volatile Organic Compounds (VOC).

Lovoc screens are flat-packed for minimal carbon footprint during transportation.

LEADTIME

6-8 Weeks

WARRANTY

3 Year Structural
