

## Mixis

CRASSEVIG

**DESIGN** MARIO FERRARINI  
CRASSEVIG, ITALY

The Mixis stacking chair is skillfully constructed with a solid timber frame and moulded plywood seat and back of variable thickness. These two materials differ in their structural and aesthetic values, but connect together perfectly, creating a chair with fluid, delicate lines.

Mixis is stackable up to 4 chairs and is available in European Ash or Oak to natural or a range of lacquers and seat upholstery options. Also available is a stool in both counter and bar heights.
