Moon explores the relationship between comfort, art and progressive design. This inviting high-backed armchair creates a striking presence in any interior, combining a sculptural silhouette with a sense of visual lightness. Its distinctive form evokes the sensation of weightlessness through a bold design language and a delicate, colourful base.

With its luxurious appearance and ergonomic seating experience, Moon adapts effortlessly to a variety of environments, including lobby reception areas, libraries, hotels, offices and residential spaces. Designed for moments of pause and connection, it provides a comfortable setting for sitting, conversing, waiting or reading.

More than a piece of furniture, Moon is a contemporary expression of functional art – a chair that offers both a sense of security and a welcoming place to relax.
