

Moulin

DESIGN PIERRE PAULIN
ARTIFORT HOUSE FABRICS, NETHERLANDS

Originally introduced in 1958, the Moulin chair family represents some of Pierre Paulin's earliest commercial designs, reflecting the clean lines and understated elegance of Mid-Century Modern aesthetics. In 2023, Artifort expanded the collection with the introduction of the Moulin Lounge (CM190), bringing a new level of comfort to this enduring design family.

The Moulin Lounge is an elegantly minimalist armchair that pairs Paulin's timeless design language with contemporary comfort. Defined by a slender steel frame that supports the upholstered seat, backrest and optional armrests, the chair features softly sculpted forms that flow seamlessly together in a wave-like silhouette. Supported by four slim metal legs and available in a wide range of frame finishes and upholstery options, the Moulin Lounge offers a refined seating solution for both residential and commercial interiors.
