DESIGN MONICA FÖRSTER
METAL, NETHERLANDS

LEADTIME

16-18 Weeks

WARRANTY

3 Year Structural

Artifort recognises the growing demand for warm, inviting spaces within both residential and public environments. Sculptural and fluid forms, long recognised as a hallmark of Artifort design, respond beautifully to this desire for comfort, connection and softness.

Muse, designed by Swedish designer Monica Förster, is a refined expression of simplicity that embodies this philosophy. An exceptionally comfortable sofa, Muse is designed to encourage conversation, relaxation and moments of connection in both public spaces and residential interiors.

With its light, soft aesthetic and highly social character, Muse offers remarkable versatility. The elegant arched backrest, which appears to delicately balance on the seat, highlights the ingenuity and craftsmanship of Artifort's development team, resulting in a design that is both visually striking and effortlessly inviting.
