

Myplace Sled

DESIGN MICHAEL GELDMACHER
LACIVIDINA, ITALY

Myplace challenges a design concept that already exists in many forms and reimagines it as a unique, personal item. Myplace seating is composed from a selection of moulds that can be freely combined to give a total of 18 different solutions, each with its own individual features.

In addition to the variety of seat configurations, Myplace is available on a range of bases including sled, metal swivel or timber swivel.
