

Nene Timber

MIDJ

DESIGN PAOLO VERNIER
MIDJ, ITALY

The Nene collection is based on the concepts of efficiency and practicality. Starting with the simple shape of a classical chair, this collection is born with a fresh, contemporary feel, suitable for residential and commercial use, in indoor environments.

Nene is also available with closed or opened back, with or without arms, in plastic or upholstered with a removable cover. Each plastic version meets regulatory requirements for use in public places (CATAS certification), it is stackable and is UV stable.
