DESIGN LUCIDI PEVERE
CANTARUTTI BEECH TIMBER FINISHES, ITALY

Clear geometries and soft sinuous lines combine in the collection by LucidiPevere, revealing balanced proportions and precise details. The wooden belt that embraces the entire seat outlines a strong and distinctive character, enhanced by finishes that accurately draw the profile of the enveloping backrest. With Obi the classic bistro chair becomes an element capable of giving a unique style to the spaces in which it resides.

Obi is available in different versions. Chair and armchair emphasize the elegant shapes of the backrest and seat with the upholstery in leather or fabric of various colours. Bench and stools offer further furnishing solutions that allow this family to fit with elegance and personality into any contract environment.
