

Pala

DESIGN LUCA NICHETTO
ARTIFORT, NETHERLANDS

Pala is a fully upholstered pedestal armchair designed by Italian designer Luca Nichetto. Inspired by the natural contours of the human body, its sculptural form combines Artifort's design heritage with a contemporary perspective. With its distinctive presence, Pala is ideally suited to a variety of environments, including residential interiors, hotels, waiting areas and lounges.

This modern and characterful armchair provides an inviting place to step away from the pace of everyday life. Designed for relaxation and personal comfort, Pala creates a welcoming retreat for moments of rest and reflection.

The collection can be complemented with a matching footstool and side table, while the armchair's strong individual character allows it to make a statement as a standalone piece.
