

Parc

Cane-line

DESIGN FOERSOM&HIORT-LORENZEN
CANE-LINE, DENMARK

With curves in all the right places, the Parc seating collection is contoured to follow the shape of the body allowing for maximum comfort. The sinuous seat is formed entirely from Teak slatting and the lounge chair is made even more enticing by the addition of the oversized, rounded armrests which accentuate the curved design and allow for a gentle rocking motion.

The Parc series is suitable for both indoor and outdoor spaces and is available as an armchair, bench seat and rocking chair. Certified and responsibly sourced, hardwood Teak is ideal for exterior settings due to its naturally high oil content and should be treated seasonally in order to preserve its golden colour.
