

Phar Lap

laCividina

DESIGN GORDON GUILLAUMIER
LACIVIDINA, ITALY

Phar Lap is a lounge chair designed to bring comfort and privacy to collective spaces, thanks to its slender structure which is inspired by design notes of the seventies.

The shaped backrest extends upwards to allow a distinct posture and, at the same time, shield the seat from its surrounding environment. The distinctive form is an elegant visual structure, which is exaggerated and taken to the extreme, resulting in a refined geometry.
