

Piazza

COLOS

DESIGN JUN YASUMOTO
COLOS, ITALY

At first glance, Piazza feels like an old friend, echoing the charm of traditional '20s café seating. With balanced, comfortable shapes, this design brings together the appeal of classic style with the advantages of modern manufacturing, crafted to withstand outdoor conditions.

Made from a single piece of moulded plastic, Piazza can be customised in a variety of contemporary colours and is available as both a chair and a tall stool, with optional armrests. This versatility allows Piazza to pair effortlessly with vintage or contemporary decor.

All seating in the Piazza range is stackable, making it a practical choice for easy storage in compact spaces.
