The Picket armless outdoor lounge collection allows you to face almost any direction you'd like. The lounge chair is available in two seating heights while the modern outdoor lounge provides ample seating for four adults and then some. It also provides plenty of room to lie down, and the angled seat will prevent you from spilling onto the ground when you fall asleep (a given).

Constructed from 100% recycled HDPE, it will survive all types of weather and hard use for years with virtually no maintenance, besides the occasional cleaning.

Picket is available as a lounge chair in 2 seat heights and a bench seat available in two lengths.
