

## *RC Metal Lobby*

**DESIGN** FRANCESC RIFE  
BLASCO&VILA, SPAIN

The RC Metal Collection is rational in its design. A generously proportioned seat rests on a visible metal structure, the signature expression of the collection. RC Metal is designed with no superfluous details, constructed from steel and finished with soft upholstery to embrace the user.

The extensive collection by Francesc Rifé offers a range of typologies including a chair, armchair, stools, lounges, with a complimentary table and ottoman.
