

Re-al

DESIGN JUN YASUMOTO
COLOS, ITALY

Imagine a chair that combines comfort with sustainability. Introducing Re-al, crafted from recycled aluminium for a minimalist yet robust design. This chair is built to withstand diverse conditions—whether placed indoors or outdoors, in gardens, on patios, or by the pool—retaining its sleek appeal even in harsh weather.

Re-al's recycled aluminium frame reduces environmental impact while requiring minimal maintenance. A quick clean keeps it in prime condition, eliminating the need for special treatments. With its enduring style and commitment to sustainability, Re-al is an investment in both comfort and a greener future.
