

Rem **MIDJ**

DESIGN

PAOLO VERNIER

Paolo Vernier's Rem explores the refined balance between structure and material. Slim, $geometric \, lines \, define \, a \, minimalist \, silhouette, while \, leather \, straps \, wrap \, elegantly \, around \,$ the metal frame – creating a striking contrast in texture and form.

 $A vailable \, as \, a \, chair, arm chair \, or \, stool, Rem \, is \, lightweight, compact, and \, built \, for \, both \,$ $residential \ and \ contract \ spaces. \ Its \ clever \ construction \ allows \ for \ easy \ separation \ of$ $materials, enhancing \ both \ sustain ability \ and \ long-term \ durability. \ A \ bold, sculptural \ piece$ with a distinctly Italian edge.

LEADTIME 12–14 Weeks

WARRANTY

3 Year Structural

CERTIFICATION

 ${\sf CATAS}\,certified for heavy}\,contract\,use$ Product Stewardship Programme

DIMENSIONS

W 000 D 000 H 000 | SH 000 (mm)
