

Retreat Workbench

DESIGN VIDAK STUDIO
NEW ZEALAND

Retreat Workbench is part of the is a versatile range of free-standing booths and screens which support agile work throughout the open-plan office. The partially-enclosed, fixed-height worktop creates a space-efficient focus area for four to six people.

Made from a modular kit of parts, the panels clip together using our unique hidden connection system, which allows future reconfiguration if required. Upholstered wall panels offer acoustic and visual privacy – a cost-effective, flexible alternative to permanent meeting or quiet rooms.
