

Ring

DESIGN RADICE ORLANDINI
ET AL. HOUSE FABRICS, ITALY

The soft, convex form of the seat and backrest combined with the geometric, monobloc tubular steel frame, gives the Ring collection a clean-cut and graceful aesthetic. The supporting frame is transformed into a decorative element, where the tube becomes a continuous graphic line which embraces and supports the padded shell.

Ring seating range features chairs, armchairs and stools with strict formal lines and a simple construction.
