

Roller

DESALTO

DESIGN FRANCESCO ROTA
DESALTO, ITALY

Breaking down the seat into simple graphic elements is the concept behind Roller. Round and oval rollers — geometrical, sculptural, and defined — come together to form armchairs, sofas, and chaise longues, all designed to offer maximum comfort through the use of different densities of polyurethane.

The forms mould themselves to the person who sits, creating a product that not only provides seating but also embraces. This is further enhanced by sophisticated finishes and tailored seams.

LEADTIME

12–14 Weeks

WARRANTY

3 Year Structural

CERTIFICATION

ISO 9001:2015
Product Stewardship Programme

SYDNEY
