

Shift High Back

DESIGN DANIEL DEBIASI & FEDERICO SANDRI
OFFECCT - FLOKK, SWEDEN

Shift is an exceptionally flexible lounge chair, through the different heights of the backs, allows everyone to both focus completely on their work and to rest completely.

The backrests can be replaced and renewed as needed, according to Offecct Life-circle. It also offers architects and interior designers tools to create sustainable solutions. The seat is the same for all three designs.
