MIDJ

DESIGN MIDJ DESIGN
MIDJ, ITALY

The Sonny collection is the benchmark of the Midj design philosophy: to create pieces using soft shapes and forms, and mixing them with strong elements such as metal and timber.

Sonny mixes the warmth of fabrics and leathers with timber and metal bases in a wide range of colours, shapes and forms. This product is perfectly suitable for a little reading nook, for a waiting space, for dining, or for having a chat or quiet contemplation.

Sonny is available as a chair, armchair or stool version with an option of metal or timber bases.
